

Emily and Joanna

Age 9 and 11

Registration # 6414 and 6415

Hi! Our names are Emily and Joanna and we want to be adopted together!

Emily and Joanna are friendly and sweet sisters of Caucasian descent who are looking to be adopted together. Emily is a kind, humorous, sweet, and helpful girl. She enjoys drawing and painting, helping her foster parents around the house, and swimming. She likes lip gloss, nail polish, and "pink everything." Emily's foster family enjoys shopping, watching movies, and getting their nails painted with her. Emily plans on going to college after graduating from high school.

Joanna is described as outgoing, expressive, helpful and feisty. She is quite talkative and likes to engage with others. Joanna loves to sing, dance, color, work on arts & crafts projects, and do gymnastics. When she grows up, Joanna would like to be a famous actress.

Joanna and Emily can thrive in a supportive and committed two-parent family or with a single-parent who has considerable support. An ideal family will have no other children or have children older than the girls. A family must be comfortable obtaining supportive services and resources in the community for the girls and should be open to maintaining contact with the girl's biological brother.

CFCS and MARE collaborate in placing waiting children with forever families in permanent homes. For more information about any of the waiting youth profiles, visit our websites:
