**Hi! My name is Aleenah.**

*"I am very close with my sisters!"*

Aleenah is a healthy eleven-year-old girl of Caucasian descent. Aleenah is a child who is easily entertained but particularly enjoys activities such as bowling, roller skating and going to the movies. Aleenah also loves to draw and sing along to the radio.

Legally freed for adoption, Aleenah is in need of a family that can provide her with a structured, loving home. Aleenah wants a family that will take care of her and keep her safe. Aleenah could be placed in a home with a single mom or two-parent family as the only child in the home or with much older high school or college-aged children. Aleenah enjoys visits with her sisters and other birth family members. An interested family should be open to two visits per year with Aleenah's birth mother and every other month visits with her two sisters.
