Hi! My name is McKenzie.

"I love to swim!"

McKenzi is an affectionate, outgoing eleven-year-old girl of Caucasian descent. McKenzie loves to cook, swim, paint, watch television, play with her dolls, collect Shopkins and spend quality time with her friends. McKenzie's favorite food is macaroni and cheese. Her favorite athlete is Michael Phelps and her favorite singer is Ke\$ha! When she grows up, McKenzie's dream is to become a professional chef.

People who are close to McKenzie would say she is hard working, caring, and a good role model to others. McKenzie is a sixth grade student who does well in school and works at grade level. Her favorite subjects are art and math. McKenzie likes going to school because she enjoys learning and getting to socialize with her friends.

Legally freed for adoption, McKenzie's ideal family would consist of one or two moms, with no other children in the home. Her social worker believes McKenzie could thrive in any type of family, therefore she will consider any family that is interested. McKenzie hopes her forever family will be caring, understanding and provide structure and a consistent daily routine. McKenzie maintains bi-monthly visits with her birth mother and siblings. These visits are extremely important to McKenzie and should continue once a placement is identified.
